New iSteam® 2.0 with WiFi

iSteam, the revolutionary touch screen control, now has WiFi, allowing for seamless connectivity. The iSteam's feature-rich menu offers an unsurpassed, customizable user experience. Along with a stunning graphic interface and bespoke design by renowned Industrial Designer David Farrage, the iSteam evokes elegance.

With a swipe of the finger, the iSteam's intuitive touch screen navigation allows the user to effortlessly control temperature, time, aroma infusion, chroma lighting, audio entertainment, and overall steam system functionality.

iSteam's accessories include optional chromatic lighting and aromatic infusers to transform your shower into a luxurious spa.

The iSteam's auto-fading display incorporates AutoStart™, a real-time clock, ambient temperature, and individual user preference settings.

With an optional Bluetooth® AudioWizard™ System, it can pair up to eight devices and four in-shower speakers.

iSteam employs an exclusive three-tier safety system with pass code protection, temperature limit and time-out features built to ISO-9001: 2008 certified processes.

Designed and manufactured with the highest quality fused silica glass and polished cast aluminum, iSteam is designed with a Moisture Protection of IP-67 and is capable of full water immersion of up to three feet.

iSteam®

Introducing the iSteam® Mobile App

The iSteam® control now has an app!

The full-function smart phone App that lets you control your steam room's WiFi-enabled iSteam system from your local WiFi network.

The App is compatible with Apple® iOS 4.0 and up; Android™ 2.0 and up, and lets you:

- Customize user preferences
- Enable user presets
- Monitor current room temperature
- Set steam session duration and temperature
- Adjust ChromaSteam® and AromaSteam
- Access your entire music library and internet radio
- Have full control of your music with record artwork and song selection

iSteam® Mobile App

Available at the
App Store and Google Play

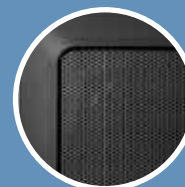

mr. steam®

Introducing
AudioWizard™ 2.0

Tune-in to AudioWizard™

Mr.Steam's AudioWizard™ 2.0 with its sleek and stylized redesign is ready to amplify your surroundings. The speakers can be mounted in any indoor or outdoor space, including a steam room or shower.

With the integrated Bluetooth® Audio Streaming System, the AudioWizard can pair up to eight Bluetooth-enabled devices, a subwoofer and an auxiliary input.

- Compatible with all smart devices and smart phones equipped with Bluetooth®
- The AudioWizard™ allows you to stream music, store it on your smart device and enjoy it in the steam room/shower
- AudioWizard aluminum enclosure is beautiful enough to be easily installed on a wall or tabletop
- Includes an amplifier, power supply and back lit control
- Install up to four speakers, enabling sound output within the bathroom and throughout the house and outdoor spaces
- Seamlessly connect to a dedicated in-shower control, including the premier iSteam control for music management, including play/pause, last track, next track, mute, and volume

SmartSizing™

Virtual Spa

virtualspa.mrsteam.com

GENERATOR SIZE MATTERS MATERIALS MATTER

For illustrative purposes only

Mr.Steam's new Virtual Spa System™ makes it fast and easy for website visitors to create and envision a personalized home steam shower.

SmartSizing™ takes you from the required generator and control components to optional accessories such as ChromaTherapy, AromaTherapy, MusicTherapy, wall seats and towel warmers—all in a simple, step-by-step guided process.

Our Virtual Spa System takes you from Bathroom to Spa in Five Simple Steps

1. Enter your shower dimensions and room material for automatic generator and room selection.
2. Choose a control package and finish that's perfect for your home.
3. Select a spa package or items à la carte.
4. Opt for accessories that will enhance your steam experience.
5. Add a towel warmer and your virtual spa tour is complete.

You can print or email your selections, find a dealer or call us. Technical specs will automatically be sent out with your email. **It's that simple!**

Mr.Steam@Your Fingertips

Start working smarter and leave your pencil at home. Mr.Steam's mobile sizing app works with most smart devices and smart phones. <http://isizing.mrsteam.com>

Steambath Sizing & Selection

Measure length, width & height of the steam enclosure (in feet):

Multiply the Length ___ x Width ___ x Height ___

ROOM VOLUME =

Construction Materials:

For natural stones: natural marble, stone, shale, glass block or concrete Add 110%

For ceramic, porcelain or glass tile on cement board or mortar bed Add 40%

Ceilings above 8 ft. (per foot, max 10 ft.) Add 15%

Add all figures above to obtain the Total Room Volume required

TOTAL VOLUME

Compare your TOTAL ROOM VOLUME to the Specification Chart on Page 7.

IMPORTANT: Please refer to the MS generator Installation, Operation and Maintenance Manual for complete information. Refer to the manual before specifying, installing or using a MS generator. Failure to do so may result in improper installation or personal injury. The MS generator Installation, Operation and Maintenance Manual is available online at www.mrsteam.com or by calling 1-800-76-STEAM.

Mr.Steam
Eco-friendly
Products

- Mr.Steam's most popular model uses only one gallon of water per 20-minute session.
- Made from 100% recyclable stainless steel inside and out.

Residential Steambaths

- Single operating platform does it all, from the most basic installation to the most elaborate
- Easy to add plug & play spa therapy accessories
- Built with corrosion resistant and recyclable stainless steel
- Can be installed up to 60 feet from the steam shower
- Limited Lifetime Warranty
- Made in USA

The Intelligent Steambath™

- Exclusive microprocessor operating system
- Precision temperature probe for optimal steam room temperature control
- Removable and serviceable industrial grade heating elements
- AutoSteam® standard with every generator for even flow of steam

MS OIL 4	Energizing Mint	\$100
MS OIL 5	Breathe	\$100

The Arabic word “Hammam” literally translates as “bath” in English.

Turkish baths are direct descendants of the Hammam houses of ancient Rome and Byzantium that were dedicated to cleanse the body as well as a place to relax and to rejuvenate the mind and the soul.

Mr. Steam reproduces that ancient experience of bathing to the modern day bather through the soothing presence of scent, sound and color that is combined with steam’s revitalizing qualities.

To bring you back to the Hammam’s calming origins, Mr. Steam introduces Tala Bath & Body essential oils, clays, scrubs and soaps.

These products are derived from the Moroccan landscape and crafted locally. By using these products, bathers and wellness seekers transcend their demanding lifestyle to a time when relaxation and renewal were a part of every day.

*Tala™, is a traditional Arabic word from the Berbers of Morocco’s Fez region. Its meaning is profound:
“A palm, a cool fountain spring, a beam of bright morning starlight...simply heavenly.”*

Tala™ Bath & Body.

*Prepare yourself for a peek into the fountain of youth,
and a blissful journey into the world of wellness.*

❧ *MADE IN MOROCCO* ❧

TALA™

Bath & Body

Tala™ Bath & Body Bliss Set

All of Tala Bath & Body products were created from the purest materials, derived from luxurious Moroccan and Middle Eastern bathing traditions. The Tala Bath & Body Bliss Kit brings all of Tala's health and wellness products into one heavenly collection. It's your blissful spa day or routine in a box!

TA GIFT-SET \$225

Tala™ Bath & Body Argan Oil

Tala Bath & Body Argan Oil is the liquid gold of Morocco. Traditionally used for generations by Berber women as a beauty tool, Tala Bath & Body Argan Oil works as a food for the skin. It nourishes, helping your skin combat environmental damage and other aging factors. The nutrients in Tala Bath & Body Argan Oil are beneficial in soothing a wide variety of skin imperfections, wrinkles and crow's feet. No matter how old you are, your skin can feel more youthful. 120 ml / 4.06 oz.

TA ARGAN-OIL \$75

Tala™ Bath & Body Face Cream

A daily care regimen specifically designed for dry and dehydrated skin, Tala Bath & Body Face Cream is enriched by the velvety texture of Argan oil. This cream can illuminate the skin, improve firmness and texture, and reduce signs of aging. As it banishes old skin and unveils a clear new layer, your appearance may be transformed: you may look radiantly younger, shining with a fresh, new glow. 100 ml / 3.38 oz.

TA ARGAN-CREAM \$50

Tala™ Bath & Body Beldi Black Soap

Tala Bath & Body Beldi Black Soap is an integral part of the traditional Hammam ritual, the first treatment applied in the public baths of Turkey and the Middle East. With the luxurious texture of butter, this paste of black olive pulp is rich in vitamin E. A rich mixture of oil and crushed olives, the soap is soaked in salt and potash. Tala Bath & Body Beldi Black Soap prepares the skin for exfoliation by softening it, making it scrub-ready. As it exfoliates and moisturizes, it softens and nourishes the skin.

200 ml / 6.76 oz.

TA BELDI-SOAP \$40

Tala™ Bath & Body Moroccan Lava Clay

Tala Bath & Body Moroccan Lava Clay is unique to the underground mine shafts in Morocco's Fez region. Exceptional in its quality and purity, this mineral-laden clay is meticulously extracted, dried, and transformed into a fine silken powder. When water is added, this powder forms a smectic clay that can absorb large amounts of liquid or oil from skin, and especially from our hair, removing excess oils while replacing them with healthful minerals. This soapy Lava Clay is known for its exceptional quality, purity and exfoliating capability. 200 ml / 6.76 oz.

TA-CLAY \$50

Tala™ Exfoliating Glove

The Tala Bath & Body Hammam Glove is a high quality cotton stretch terry cuff exfoliating glove, designed specifically to remove dry or flaking skin and leave skin renewed and refreshed. The glove creates a rich lather while stimulating skin. The glove can be used to alleviate itchy dead skin as a cellulite massage tool or to help improve blood circulation.

TA EXF-GLOVE \$10

Steam@Home®

For illustrative purposes only

- Ideal for starter homes and guest baths
- Ideal for ceramic, porcelain, glass tiles and acrylic enclosures
- Rugged stainless steel generator with electronic printed circuit board available in 208V or 240V 1 Phase
- Uses less than one gallon of water for a 20-minute session
- 23% more compact than standard MS steam generators
- Integral safety time-out feature
- Built-in drain valve
- **Made in the USA**

Steam@Home Generator Specification and Sizing Chart

DAY SPA STEAM BATH SYSTEMS

For day spas, medical spas, hotels, destination resorts, spas & clubs

Mr.Steam® pioneered the CT Day Spa Series of light commercial steam room products. Now, Mr.Steam CT Club Therapy® Day Spa Steambath Systems provide space-conscious spa facilities with high performance, low maintenance steam room solutions. Constructed of 100% recyclable stainless steel inside and out, Mr.Steam CT Day Spa steam generators combine safety and aesthetics with reliability.

All drawings for illustrative purposes only.

Provides space-conscious spa facilities with high performance, low maintenance steam room solutions.

Compactly designed for functionality and durability, CT generators install easily in most service closets, storage areas, or similar dry, heated locations. The CT Day Spa Series comes complete with Mr.Steam's iTempoPlus® control, AromaSteam steam-head, AutoFlush®, Express Steam®, Drip pan, CT SteamStop®, and in-room temperature sensor. Also available with Mr.Steam's advanced iSteam® control. See page 28.

SELECTING THE RIGHT CT DAY SPA GENERATOR: CT SIZING CHART

1. Measure length, width & height of the steam enclosure (in feet):

Multiply the

Length ___ x Width ___ x Height ___

ROOM VOLUME =

2. Construction materials:

For natural stones: Add 110%
natural marble, stone,
shale, glass block or concrete.

For ceramic or porcelain tile Add 40%
on cement board or mortar bed.

Ceilings above 8 ft Add 15%
(per foot, max 10 feet)

3. Add all figures above to obtain
the Total Room Volume required

TOTAL VOLUME

Compare your TOTAL ADJUSTED ROOM VOLUME to the Specification Chart on page 13 and select the appropriate model.

Mr.Steam makes it easy to determine which commercial system is right for your location.

Choose a CT Day Spa Steam System if ...

- Steam room will be in operation less than 6 hours a day.
- Steam room is designed to accommodate up to 2 people at a time.
- Steam room does not exceed 675 cu. ft.

IMPORTANT:

- The guidelines for selecting the steambath generator are a recommendation only. Not for multiple steam room applications.
- For steam rooms constructed of acrylic or synthetic materials, select next lower-rated CT model.
- The Total Volume allows for up to 60 feet of insulated steam line from the MS generator to the steam room. If the 60-foot line length is exceeded, consult with the factory.
- For instructions on installing, operating and maintaining the steam generator unit, accessories and aroma oils, refer to the Mr.Steam CT Day Spa Installation, Operation & Maintenance Manual PN - PUR100426. Visit mrsteam.com to download this Manual or call for a copy.

CT Day Spa System

CT Day Spa steam generators are ideal for light commercial venues such as day spas and resort spas.

Generator Size: 17"L x 18.5"H x 7.875"D (without AutoFlush or plumbing features)

CT Day Spa Steam Generators Specification Chart

Model No.	Total Room Volume	KW	Amps	V/PH	Wire Size [‡]	Water Usage Gallons ^{††}	Shipping Wt. (lbs) ^{**}	List Price

Wall-Mounted Seat

- Teak wood, beautifully finished and sealed
- Seat drops for use, folds for storage
- Dimensions: 19.75"W x 13.25"D x 1.25" h
- Rated max. 250 lbs.

MS WALL SEAT

PC Polished Chrome \$525

BN Brushed Nickel \$575

ORB Oil Rubbed Bronze \$575

Chlorine Filter System

- Reduces Chlorine in water
- Connects to standard 3/8" NPT plumbing
- Meets NSF/ANSI Standard 42
- Easy in-line installation
- Replace activated charcoal filter cartridge yearly
- See-through cartridge for easy maintenance
- Dimensions: 13"H x 5.5"D

MS FILTER \$250

MS CARTRIDGE \$50

SPECIFYING A CU COMMERCIAL STEAMBATH GENERATOR

Measure length, width & height in feet of the steam room:

Multiply the
Length ___x Width ___x Height =

STEAM ROOM VOLUME cu.ft.

Compare your STEAM ROOM VOLUME to the Specification Chart on page 32 and select the appropriate model.

For other than ceramic tile wall construction, consult factory.

EXAMPLE 1

A steamroom 8'l x 10'w x 8' h = 640 cu. ft. (volume). Select the next size Mr.Steam® steambath generator model which exceeds the calculated room volume. In this example, specify Model CU750 with one Digital 1™ Control Package.

EXAMPLE 2

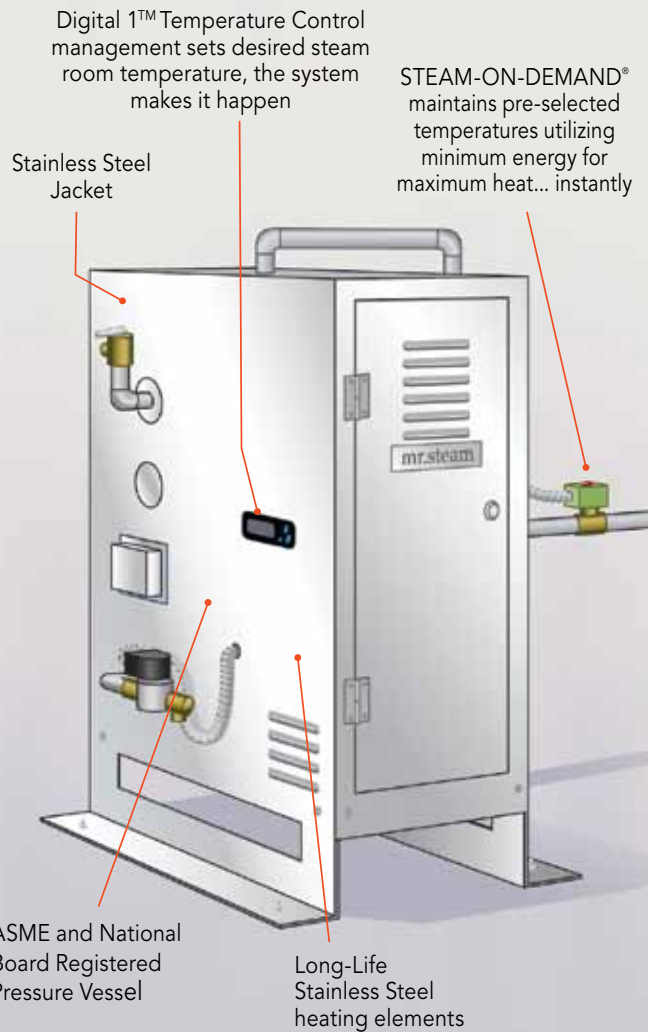

2 steamrooms each 6'L x 10'w x 7'H x 2 = 840 cu. ft. In this example specify Model CU1000 with two (2) Digital 1™ Control Packages.

IMPORTANT: When specifying a CU Commercial Steambath Generator the following is strongly recommended for best performance and user satisfaction.

1. One (1) CU steambath generator should service no more than two (2) steam rooms, each relatively similar in size and construction.
2. If two (2) steam rooms are serviced by one (1) CU generator, the combined resultant room volume of the two rooms should not exceed 1400 cubic feet (39.6 cubic meters).
3. Each room must be operated with the appropriate Digital 1 Temperature Control System.
4. In all installations, the purchaser and/or owner/operator must consult with a designer, architect, and or consultant to assure the proper specification of the steambath generator and required and optional operating equipment.

For more detailed product information, please visit mrsteam.com for the Mr.Steam Commercial Installation, Operation and Maintenance Manual PN - PUR100376.

Stainless Steel CU Series

“After trying a number of home steam therapy systems, I have found Mr.Steam products to be the best.

They allow me to enjoy steam therapy regularly, just the way I like it.”

– Andrew Weil, M.D.
Author, “8 Weeks to Optimum Health”

Mr.Steam® has been in the **Feel Good** business since 1917

(How does something like that happen you ask?)

Experience: Mr.Steam is the Feel Good brand of Sussman Automatic Corporation with its more than 95 years of experience designing and manufacturing steam generating equipment for industrial applications.

Customer Service: At Mr.Steam, we proudly provide the industry's best customer service, with fully staffed offices on both coasts. Customer care representatives are on hand to answer any questions, Monday through Friday, 8 a.m. to 7 p.m. EST.

Reliability: All Mr.Steam products are made of serviceable industrial grade components. Some systems feature state-of-the-art self-diagnostic tools.

Sustainability: Mr.Steam is environmentally friendly. All home generators utilize recyclable stainless steel and use water and energy efficiently.

Quality Certified: All residential generators are USA and Canadian UL listed, CE and NOM certified.

Smart Sizing: Use smart iSizing™ from your mobile phone or our online Virtual Spa System to perfectly size your steam generator, ensuring your installation will provide the ideal steam experience.

Simple Language Warranty: Our comprehensive warranty is written in plain English and is easily available online or from a customer care representative.

PROUDLY MANUFACTURING PRODUCTS IN THE USA SINCE 1917
